FSP Unlimited / LSP Unlimited Address-Correction Service Options

Essential Unlimited Move Update Performance.

In preparing for the latest changes in USPS® Move Update regulations, mailers are turning to proactive NCOA^{Link®} FSP or LSP processing to assure continued automation discounts for First-Class™ and Standard Mail® jobs. BCC Data Services have long offered an unbeatable array of Move Update tools, and new **FSP and LSP Unlimited** service options take BCC's tradition of address-correction excellence an important step further.

FSP Unlimited provides a year of unlimited access to BCC's NCOA^{Link®} FSP processing, which updates submitted records based on 48 months of moves recorded in the USPS Change-of-Address (COA) database. LSP Unlimited delivers 18 months of COA data, plus ANK^{Link™} processing to determine when the full 48-month service may be useful.

Both service options are available exclusively to licensees of BCC's Mail Manager 2010 and Mail Manager Full Service products. Both also provide DPV®, LACS^{Link®} and Suite^{Link™} processing at no additional charge. And, most importantly, both perform the necessary address cleansing to ensure that your First-Class and Standard Mail jobs will be eligible for the postage automation discounts they

deserve—and that individual mailpieces, properly updated, will be much more likely to reach their desired targets.

Now more than ever, all mailing jobs deserve access to the proper Move Update resources that will move them toward USPS compliance and the most effective and economical delivery. BCC's FSP and LSP Unlimited provide that seamless address-correction protection.

Features and Benefits

- 48 months (FSP) or 18 months (LSP) of USPS COA database depth
- Suite^{Link}, DPV and LACS^{Link} included free (ANK^{Link} included with LSP Unlimited)
- Typical jobs returned in five minutes or less
- No per-job minimum charges
- Dedicated BCC Data Services Support team ready to assist you
- Exclusively to Mail Manager 2010 and Mail Manager Full Service users
- LSP and FSP also available as a la carte services, or by purchasing prepaid credits
